MAINTENANCE-FREE BATTERY VRLA DEEP CYCLE

VPRO SOLAR 160Ah 12V

INDEKS: 6AKXDEEP16 **EAN**: 5904100450381

DEEP CYCLE batteries by **VOLT POLSKA** are superior deep cycle design with thick plates, high-density active materials and slightly stronger electrolyte, which can withstand repeated deep cyclic applications. **The general features are:** safety sealing, non-spillable constructio, high power density, excellent recovery from deep discharge, thick plates and high active materials, longer life and low self-discharge design. **DEEP CYCLE batteries** have 8-10years design life at 25°C. They can be applied in solar and wind power system, emergency power system, communication equipment, telecommunication systems, marine equipment, uninterruptible power supplies, medical equipment, fire and security system.

Main technical data:

Nominal voltage		12V
Rated capcity		160 Ah
Dimension	total height	247 mm
	height	241 mm
	width	170 mm
	length	483 mm
Approx Weight		43.3kg (95.04lbs) +/- 3%

Other specification:
